Bridge News: Halls Mills is in poor condition. There is a new abutment on one end of the bridge. Built in 1906 the 119ft long town truss CB was bypassed in 1963. Town of Neversink owns the bridge and Sullivan County does maintenance on it. There was a discussion about the National and NY Societies, writing a letter to Sullivan County, with a chance of offering them fees to cover engineering for a bridge rehab.
